

CUSTOMER SUCCESS STORY

Higher Education Commission Pakistan

The Higher Education Commission of Pakistan is an independent, autonomous, and constitutionally established institution of primary funding, overseeing, regulating, and accrediting the higher education efforts in Pakistan. HEC is responsible for formulating higher education policy and quality assurance to meet the international standards as well as providing accrediting academic degrees, development of new institutions, and uplift of existing institutions in Pakistan.

Problem Statement

With the growth of HECs' activities in the management and overlooking of the education sector over the recent years, a number of systems are tasked with supporting this growing infrastructure, data generated need to be pulled from various sources presented and visualized in a manner that helps them take strategic decisions. Thus, to cater this need, the organization envisioned a Business Intelligence Solution delivered in Cloud to gain valuable insights into their data through powerful visualizations and restrict data access only to those who are required to have access.

Solution

Inseyab Consulting & Information Solutions LLC (or Inseyab) offered HEC, a Cloud-Based Business Intelligence (BI) solution implementation, leveraging the power of Microsoft Azure Cloud Platform. The end to end Microsoft® based Business Intelligence solution proposed by Inseyab was capable of helping HEC embark upon a Business Intelligence journey, giving HEC the capability to make even more informed, data-driven, facts-based decisions.
